

RESUME:

FORTRESS APPRAISALS, LLC

DIANA C. MORTENSEN

I have been a full time residential appraiser continuously since 2002. I have assisted appraisers for a year prior, and have gained extensive experience in the process of real estate residential appraisals in Connecticut. Also, my experience as a real estate sales person has afforded me in depth knowledge of the Connecticut real estate market.

My experience as a full time college student has instilled in me impeccable work ethics, the ability to recognize, define, and solve problems, and to communicate with those I am working with in an honest and professional manner.
